2019-2020 Health Disparities Research Curriculum: Request for Applications

The Duke CTSA and the Center for Research to Advance Healthcare Equity (REACH Equity) are pleased to announce a call for applications for the Health Disparities Research Curriculum (HDRC).

HDRC is designed to increase knowledge and skill in the design and conduct of health disparities research. The curriculum consists of didactic and interactive sessions approximately every three weeks on Thursdays from 3:30 to 5:00 pm; September, 2019 through June, 2020.

The curriculum addresses:

- Nomenclature and framework for approaching research involving health disparities
- Contributors to health disparities
- Role of implicit bias in disparities
- Health disparities research methods across the translational spectrum
- Conduct of health disparities research focused on the clinical encounter

For additional program information, syllabus (with dates) and the application, please see: https://www.ctsi.duke.edu/dtmi-teams/education/duke-health-disparities-research-curriculum

If you’re interested in participating in the 2019-2020 curriculum, a brief online application must be submitted by August 2, 2019. Acceptance into the HDRC curriculum will be determined based on capacity, commitment to conducting health disparities research, and the applicant’s rationale for taking the course. Applicants will be notified of acceptance in early August.

HDRC uses the MyResearchProposal online application software.
